CyberMyte

CAPABILITY STATEMENT

Cybersecurity Professional Services

Win federal contracts with confidence

CyberMyte, LLC helps small businesses and federal contractors meet the cybersecurity standards that federal work requires. We simplify the path to CMMC, FedRAMP, and the Risk Management Framework, so teams can compete for and grow in the federal marketplace. We staff at chief, senior, engineer, and junior levels across on-premises and cloud environments.

2 Exceptional
past performance questionnaires from the Government PM and the prime (PCTE)

GDC-H
classified and unclassified cloud, RMF-compliant (Google/DISA)

3 networks
DISA STIG and RMF across NIPR, SIPR, JWICS (INSCOM)

CORE COMPETENCIES

- Risk Management Framework assessment and authorization (A&A)
- ISSO and ISSE support; continuous monitoring
- Vulnerability management and control remediation
- System Security Plan development, policy creation, and gap assessment
- Penetration testing, DevSecOps, and cloud migration
- Facility-Related and Industrial Control Systems (FRCS/ICS) operations support

HOW WE WORK

- Automated vulnerability scanning, with high-risk findings remediated within 24 hours
- Automated data protection, access reviews, and continuous log monitoring
- Build to each customer's requirement, whether Kubernetes, serverless, or virtual machines

PAST PERFORMANCE

- **U.S. Air Force, 355th CES (Davis-Monthan AFB):** FRCS/ICS network and server operations across a 320-plus device environment (prime)
- **Army PEO STRI, PCTE:** cybersecurity and infrastructure lead; built the RMF package in eMASS and designed the zero trust network segmentation. The Government PM and the prime each returned an Exceptional past performance questionnaire (subcontractor)
- **Google Public Sector and DISA (JWCC):** deployed Google Distributed Cloud Hosted control planes in classified and unclassified environments with RMF compliance
- **Army INSCOM GISA:** DISA STIG compliance and RMF documentation across NIPR, SIPR, and JWICS (subcontractor)
- **NIH NIDCD:** IT operations, infrastructure engineering, and Alternate ISSO and RMF support (subcontractor)

UEI **EKZWVH5U5126** CAGE **86V74** GSA MAS **47QTCA22D00AP** GSA SIN **54151S** MDA SHIELD **HQ085926DG422**
NAICS **541512, 541511, 541611, 541618, 541690, 541715, 541990, 541330, 611420**

Woman-Owned (EDWOSB) • Service-Disabled Veteran-Owned (SDVOSB) • SBA 8(a) • ISO 9001:2015 and 27001:2022
